1. SCOPE:
This Participating Addendum (this “Addendum,” “Participating Addendum” or “PA”) covers Cloud Solutions led by the State of Utah for use by state agencies and other entities located in the Participating State authorized by that State’s statutes to utilize State contracts with the prior approval of the State’s Chief Procurement Official.

2. PARTICIPATION:
All eligible purchasers (“Purchasing Entity” or “Participating Entity”) within the State of Arkansas, including State agencies, K-12 educational institutions, and local public procurement units (cities, counties, municipalities), are authorized to purchase products and services under the terms and conditions of this Agreement.

3. INDIVIDUAL CUSTOMER:
Each State agency and political subdivision, as a Participating Entity, that purchases products/services shall be treated as if they were Individual Customers. Except to the extent modified by the State of Arkansas Participating Addendum, each agency and political subdivision will be responsible to follow the terms and conditions of the Master Agreement; and they shall have the same rights and responsibilities for their purchases as the State has in the Master Agreement and this Participating Addendum. Each agency and political subdivision shall be responsible for their own charges, fees, and liabilities. Each agency and political subdivision shall have the same rights to any indemnity or to recover any costs allowed in the contract for their purchases. The Contractor shall apply the charges to each Participating Entity individually.

4. CLOUD SOLUTIONS REQUIRING STATE CIO APPROVAL:
Unless otherwise stipulated in this Participating Addendum, specific services accessed through the NASPO ValuePoint cooperative Master Agreements for Cloud Solutions by State executive branch agencies are subject to the authority and prior approval of the State Chief Information Officer’s Office. 7. STATE MODIFICATIONS TO MASTER AGREEMENT:
These modifications or additions apply only to actions and relationships with the Participating Entity.

8. PAYMENTS AND INVOICE PROVISIONS:
Payment will be made in accordance with applicable State of Arkansas accounting procedures upon acceptance by the Agency. Contractors should invoice the ordering agency by an itemized list of charges. Purchase Order Number and/or Contract Number should be referenced on each invoice.

Payments will be submitted to the Contractor at the address shown on the invoice. Payments should be tendered to the contractor within thirty (30) days of the date of invoice. 4. Retention and Inspection of Records
   The Contractor shall keep records of Sales to State in sufficient detail to enable the State to determine the Convenience Fee payable by the Contractor. State may examine and audit, at its own expense, Contractor’s sales records and Sales Reports for completeness and accuracy. In the event that such examination reveals underpayment of the Convenience Fee, the Contractor shall immediately pay to the State the amount of deficiency. If the examination reveals an underpayment of 5% or more, then the Contractor shall reimburse the State for the cost of the audit.
11. RECORD RETENTION:
Financial and accounting records relevant to State of Arkansas transactions under this Addendum shall be subject to examination by appropriate Arkansas government authorities for a period of five (5) years from the expiration date and final payment under this Addendum or extension thereof, provided, however, that such government authorities will provide thirty (30) days written notice to the Contractor of its intent to conduct such examination contemplated by this section.

12. GOVERNING LAW:
The laws of the State of Arkansas shall govern this Agreement. Nothing under this Agreement or the Master Agreement shall be deemed or construed as a waiver of the State’s right of sovereign immunity.

13. VENUE AND JURISDICTION:

Approved expenditures made by the contractor for travel will be reimbursed at the current rate paid by the State and in accordance with Arkansas Travel Guidelines and Procedures.

16. SOFTWARE TERMS AND CONDITIONS:
Purchasing Entities that acquire software shall be subject to the license agreements distributed with such software; however, in the event of a conflict in language between an end user license agreement (EULA) and the Master Agreement, the language in the Master Agreement will supersede and control. In addition, any language in a EULA which violates a Purchasing Entity’s constitution, statute or other applicable law will be deemed void, and of no force or effect, as applied to the Purchasing Entity.

17. CANCELLATION:
A. For Convenience. The State may cancel this Agreement for any reason by giving the Contractor written notice of such cancellation sixty (60) days prior to the date of cancellation.

B. For Cause. The State may cancel this Agreement for cause when the Contractor fails to perform its obligations under it by giving the Contractor written notice of such cancellation at least thirty (30) days prior to the date of proposed cancellation. In any written notice of cancellation for cause, the State will advise the Contractor in writing of the reasons why the State is considering cancelling the Agreement, and provide the Contractor with an opportunity to avoid cancellation for cause by curing any deficiencies identified in the notice of cancellation for cause prior to the date of proposed cancellation. The parties may endeavor to agree to reasonable modifications in the Agreement to accommodate the causes of the cancellation for cause and avoid the cancellation, to the extent permitted by law, and at the discretion of each party individually.

C. If upon cancellation the Contractor has provided services which the State has accepted, and there are no funds legally available to pay for the services, the Contractor may file a claim with the Arkansas Claims Commission under the laws and regulations governing the filing of such claims.

18. INDEMNIFICATION:
A. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against third-party claims, damages or causes of action including reasonable attorneys’ fees and related costs for any death, injury, or damage to tangible personal property arising directly or indirectly from negligent or willful act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Master Agreement.

B. Indemnification – Intellectual Property. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO ValuePoint, the Lead State, Participating Entities, Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable (“Indemnified Party”), from and against third-party claims, damages or causes of action including reasonable attorneys’ fees and related costs arising out of the claim that the Product or its use, infringes Intellectual Property rights (“Intellectual Property Claim”) of another person or entity.

The Contractor’s obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is

a. provided by the Contractor or the Contractor’s subsidiaries or affiliates;

b. specified by the Contractor to work with the Product; or

c. reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

d. It would be reasonably expected to use the Product in combination with such product, system or method.

The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Even if the Indemnified Party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor can demonstrate that it was prejudiced in defending the Intellectual Property Claim resulting in increased expenses or loss to the Contractor and then only to the extent of the prejudice or expenses. If the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of it. However, the Indemnified Party must consent in writing for any money damages or obligations for which it may be responsible. The Indemnified Party shall furnish, at the Contractor’s reasonable request and expense, information and assistance necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys’ fees and related costs, incurred by the Indemnified Party in the pursuit of the Intellectual Property Claim. Unless otherwise agreed in writing, this section is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

If such a claim has occurred, or in the Contractor’s opinion is likely to occur, the Contractor shall either procure for the Participating Entity the right to continue using the materials or products or services or replace or modify materials or products or services to make them non-infringing. If an option satisfactory to the Participating Entity is not reasonably available, the Participating Entity shall return the materials or products to the Contractor and stop using the infringing services, upon written request of the Contractor and at the Contractor’s expense.
19. LIMITATION OF LIABILITY:
A. Except with respect to claims pursuant to Section 13.b. of the Master Agreement, Contractor’s total liability under this Agreement and Lead State, Participating Entity or Purchasing Entity’s sole and exclusive remedy for any claim of any type whatsoever, arising out of Product or Service provided hereunder, shall be limited to proven direct damages in an amount not to exceed the greater of (i) $3,000,000.; or (ii) the price paid to Contractor for the specific Service (calculated on an annual basis, when applicable) or Product from which such claim arises, for damage of any type not identified in (i) above or otherwise excluded hereunder. The limitation of liability does not apply to Contractor’s obligation to indemnify for death or injury to Person(s) as identified in Section 13.a. of the Master Agreement.

B. Except with respect to claims regarding Contractor’s violation of intellectual property rights, neither lead State, Participating Entity, Purchasing Entity nor Contractor shall have liability for any special, consequential, exemplary, incidental, or indirect damages including, but not limited to, loss of profits, revenues, data and/or use), even if advised of the possibility thereof.

22. DISCLOSURE:
Under Arkansas law, the Office of State Procurement (OSP) is required to have a copy of EO 98-04 Disclosure Form on file for the Contractor. Contractor shall submit the disclosure form prior to entering into this Addendum. Any contractor, whether an individual or entity, who fails to make the required disclosure or who violates any rule, regulation, or policy shall be subject to all legal remedies available to the State.

23. RESTRICTION OF BOYCOTT OF ISRAEL:

24. VENDOR REGISTRATION:
In order to receive payment, Contractor must register online at https://www.ark.org/vendor/index.html

25. TECHNOLOGY ACCESS:
When procuring a technology product or when soliciting the development of such a product, the State of Arkansas is required to comply with the provisions of Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, which expresses the policy of the State to provide individuals who are blind or visually impaired with access to information technology purchased in whole or in part with state funds. The Vendor expressly acknowledges and agrees that state funds may not be expended in connection with the purchase of information technology unless that
technology meets the statutory Requirements found in 36 C.F.R. § 1194.21, as it existed on January 1, 2013 (software applications and operating ICSs) and 36 C.F.R. § 1194.22, as it existed on January 1, 2013 (web-based intranet and internet information and applications), in accordance with the State of Arkansas technology policy standards relating to accessibility by persons with visual impairments.

ACCORDINGLY, THE VENDOR EXPRESSLY REPRESENTS AND WARRANTS to the State of Arkansas through the procurement process by submission of a Voluntary Product Accessibility Template (VPAT) for 36 C.F.R. § 1194.21, as it existed on January 1, 2013 (software applications and operating ICSs) and 36 C.F.R. § 1194.22, that the technology provided to the State for purchase is capable, either by virtue of features included within the technology, or because it is readily adaptable by use with other technology, of:

1. Providing, to the extent required by Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, equivalent access for effective use by both visual and non-visual means.

2. Presenting information, including prompts used for interactive communications, in formats intended for non-visual use.

Agencies must evaluate products to determine which product best meets the standards. If an agency purchases a product that does not best meet the standards, the agency must provide written documentation supporting the selection of a different product, including any required reasonable accommodations.

For purposes of this section, the phrase “equivalent access” means a substantially similar ability to communicate with, or make use of, the technology, either directly, by features incorporated within the technology, or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans with Disabilities Act or similar state and federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands or other means of navigating graphical displays, and customizable display appearance. As provided in Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, if equivalent access is not reasonably available, then individuals who are blind or visually impaired shall be provided a reasonable accommodation as defined in 42 U.S.C. § 12111(9), as it existed on January 1, 2013.
If the information manipulated or presented by the product is inherently visual in nature, so that its meaning cannot be conveyed non-visually, these specifications do not prohibit the purchase or use of an information technology product that does not meet these standards.

26. **SHARED TECHNICAL ARCHITECTURE:** Solutions must comply with the State’s shared Technical Architecture Program which is a set of policies and standards that can be viewed at: https://www.transform.ar.gov/information-systems/policies-standards/ and https://www.transform.ar.gov/information-systems/policies-standards/standards/. If Contractor is not required by law to have an EO Policy, Contractor must submit a written statement to that effect.
